

Volume 1, Number 1, Spring 2007

IRANIAN JOURNAL OF MEDICAL MICROBIOLOGY

- Evaluation of indirect fluorescent antibody assay for detection of *Nocardia*** I
Eshraghi S*, Sarrafnejad A, Mazdeh S, Assasi N
- Aminoglycosides modifying enzymes genes among the population of enterococci in Tehran** II
Feizabadi MM*, Sayady S, Shokrzadeh L, Khatibi S, Gharavi S
- Characterization of *rpoB* mutations in rifampin-resistant isolates of *Mycobacterium tuberculosis* cultured from the Iranian patients** III
Doustdar F*, Khosravi A, Farnia P, Bahremand AR
- Isolation of *Pseudomonas aeruginosa* strains producing metallo beta lactamases from infections in burned patients and identification of *bla_{IMP}* and *bla_{VIM}* genes by PCR** IV
Mihani F, Khosravi A*
- An investigation of *aac(6')-Ie-aph(2'')-Ia* gene in MDR and HLGR *Enterococcus faecalis* and *E. faecium* strains isolated from clinical samples** V
Saifi M, Pourshafie MR, Eshraghian MR, Borhani K, Rahimi F, Soltandallal M.M*
- Comparison of antimicrobial activity of Respitol-B with mentofin containing menthol, eucalyptus oil** VI
Mahboubi M*, Akbari M, Haghi G, Kazempour N
- Detection of *Mycoplasma* DNA from the sperm specimens of infertile men by PCR** VII
Soleimani Rahbar AA*, Golshani M, Fayyaz F, Rafiee Tabatabaei S, Moradi A
- Titration of specific antibodies to *Mycoplasma pneumoniae*, *Chlamydia pneumoniae* and *Legionella pneumophila* among Iranian pilgrims' sera during Hajj season in 2004** VIII
Mirsalehian A*, Razavi SM, Ziaei H, Bamdad C, Mirafshar SM, Bazarjani F
- Advantages of Rapid diagnosis of Bacterial Meningitis By PCR in compare with Direct Microscopy and culture** IX
Ataee RA*, Mehrabi Tavana A, Safiri Z, Karami A, Izadi M, Hossaini MJ
